MISSILES ARE AVAILABLE TO BRITAIN

Washington, (P)—The United States has agreed to provide Britain with intermediate-range Thor missiles and to make nuclear warheads available, under U. S. control until the time comes to shoot.

Such missiles, to be based at British sites, would be launched only on joint decision by the two governments.

Under a five-year agreement made public today, all nuclear warheads remain in full United States ownership, custody and control until they are needed for use.

An American official said the first squadron of missiles will be operational some time this year. This squadron, he said, will be operated by the British Royal Air Force after training in the United States and Australia.

The State Department in making public the terms of the agreement refused to say how many missiles would be provided. But authorities reported earlier that 60 missiles would be involved, stationed at four separate sites, three in England and one in Scotland.

N. Korea Stands Pat On Terms to Return Airliner

PANMUNJOM, Korea (P)—North Korea stood pat today on its refusal to return a Korean National Airlines plane and its passengers unless South Korea agrees to negotiate with the Communists directly.

The U.N. Command in turn rejected a Communist proposal that U.N. troops get out of South Korea.

South Korea has refused to deal with the Communists on the ground the North Korea is an illegal regime.

The twin-engine civilian transport flew across the truce line Feb. 16 carrying 34 persons, including two American pilots. The U.N. Command is certain it was seized by Communists on board.

Six Dead in Crash of Three Helicopters

RED BLUFF, Calif. (P)—Investigation continued today into the crash of three Army helicopters in blinding fog with death to six airmen. An Army officer said the pilots had no training or instruments to cope with fog.

The three helicopters slammed into a rocky hill 15 miles east of Red Bluff Saturday. There had been no collision.

Flying at 200 to 300 feet elevation, the copters encountered dense fog and clouds "before they had a chance to avoid it," Col. Frank C. Forest reported. He is in charge of the Army investigation.

STORK ATTENDS PARTY

EAST PROVIDENCE, R. I. (P)—Mrs. Rose Branco, 27, planned a stork shower for her sister-in-law, Mrs. Robert Paolucci.

Mrs. Branco, however, wasn't present.

About an hour before the party, Mrs. Branco was taken to a hospital where she gave birth to a boy.

Boro and CD Officials Plan Emergency Command Chain

An Emergency Chain of Command to deal with natural disasters in this area was agreed upon Saturday at a meeting of Borough and Civil Defense officials.

Under the new system, present department heads in Warren Borough will direct emergency operations. Civil Defense officials are to be responsible for marshalling volunteers.

To facilitate assignment of men where needed, and to avoid duplication of efforts, a Borough Emergency Headquarters will be set up on a 24-hour schedule in Municipal Building when a disaster threatens or occurs. Phone number will be 263.

Primary Campaign Is Under Way With Leaders of Both Parties Working on Slates

HARRISBURG (P)—The lists open officially tomorrow for candidates at the May 20 primary election in Pennsylvania. But leaders of both Republican and Democratic parties still are undecided on organization slates.

While party leaders have been seeking for weeks to line up a ticket to avoid a primary fight, indications piled up on the possibility of contests in each party, especially for the nomination for governor.

Candidates may circulate and file their nominating petitions starting Tuesday. The last day for filing petitions is March 17 but they may be withdrawn until March 24 the date tickets are finally made up.

The situation in each party: Democrats: Lt. Gov. Roy E. Furman is the only announced candidate for governor. But Gov. Leader, expected to run for the U.S. senate, has declared against Furman. The names of Atty. Gen. Thomas D. McBride and James W. Knox, Allegheny County controller, emerged from a conference of party leaders Saturday at Washington as possibilities for organization endorsement.

Republicans: The announced candidates for governor are Harold Stassen, William S. Livengood Jr., former secretary of internal affairs, Maj. Gen. Daniel B. Strickler, former lieutenant governor, and John M. Walker, Allegheny County commissioner.

Major party leaders have declared against Stassen's candidacy. There are a host of other GOP possible candidates for governor.

Republican State Chairman George I. Bloom and James F. Malone, president of the Pennsylvania Manufacturers' Assn., reportedly favor Arthur T. McGonigle, Reading pretzel manufacturer, as their type of "new face" candidate.

Slate-making developments were expected this week in both parties. Bloom ended a series of regional meetings with county leaders last week and may make an analysis of sentiment on candidates. Another meeting of Democratic leaders will be held here, possibly Wednesday.

Sun Puts Florida Back Into Tourist Business

MIAMI, Fla. (P)—A bright, warm sun put Florida back in the tourist business over the weekend.

Hotels, airlines, railroads and beaches all felt the surge of visitors after cold and rain that gripped the area since mid-December.

More than 100,000 bathers jammed beaches in Dade County yesterday, where a week ago nobody braved the chill. Lifeguards at Miami Beach estimated the crowd there at 35,000 and called it "the biggest this season."

Miami Beach hotelmen said reservations during the last few days gave hope of making up for tourist trade lost earlier in the winter.

GUNMAN HAS HEART

SAN FRANCISCO (P)—"Hand over your wallet," the bandit told hotel clerk David H. Haight.

Haight did, apologizing for having only \$2.

"Got any kids?" the holdup man asked.

"Two," Haight replied.

"Keep the two bucks," said the gunman and left with \$48 from the hotel's till.

Argentina's Racing Ace Is Kidnaped

By LARRY ALLEN

HAVANA (P)—Cuban rebels had President Fulgencio Batista on a new hot spot today with the kidnapping of Argentina's world champion auto racing driver Juan Fangio from his hotel in the heart of Havana.

Embarrassed police searched frantically for abductors of the 46-year-old five-time world titleholder as the capital jammed for today's Gran Premio auto races, buzzed over the audacious feat.

Special guards were assigned to the 24 other internationally famed drivers here.

Authorities refused to discuss the Fangio case, but rebel leader Fidel Castro was quick to claim responsibility. A rebel spokesman telephoned The Associated Press to confirm the abduction last night but would not say what would be done with Fangio.

Friends expressed doubt the champion was in any danger. They believed the rebels were holding him in an attempt to force cancellation of the auto races—slated to start at 2 p.m.—and thus give Batista an international black eye.

The kidnapping probably also was intended to throw a scare into Cuba's big tourist industry. Castro has been trying to sabotage various sectors of the economy in hopes that the island's business leaders would seek peace by helping to force Batista out.

The Argentine driver was grabbed at 8:55 p.m., just after he had returned to the Hotel Lincoln from the Malecon racing course, where he had chalked up the fastest trial run.

A stranger walked up to the veteran driver as he was talking to friends in the lobby, asked if he was Fangio, then walked out. He returned about five minutes later with a drawn gun and stood guard in the doorway while a second man, walked up to Fangio, poked a gun in his ribs and marched him out. The pair hustled the racer into an automobile where a third man waited and sped off.

Fangio, the favorite to win the \$100,000 Cuban race for the second time, is the biggest name in sports-car circles.

President Flies Back to Capitol After Brief Rest

WASHINGTON (P)—President Eisenhower flew back to Washington today from his Southern vacation and a 3,000-mile side trip to escort his wife to Phoenix, Ariz.

The presidential plane Columbine III landed at National Airport at 6:56 a.m. Only the White House military and naval aides were on hand as a welcoming party.

The Eisenhowers vacationed for 10 days in Georgia in weather that kept the President mostly indoors. Then they flew with two guests to Phoenix, where Mrs. Eisenhower is taking a second vacation of her own. She is staying at the exclusive Maine Chance health and beauty resort.

Eisenhower took advantage of his one-day stay in Phoenix to get in his first full round of golf since November.

Three Boys Dead From Monoxide In A Disabled Auto

By THE ASSOCIATED PRESS

Four teen-age Scranton, Pa. boys died of carbon monoxide poisoning in a 21-year-old car and three members of one family were killed in a traffic mishap as accidental weekend deaths in Pennsylvania reached at least 19.

Thirteen victims, including the three from the same family, died in traffic accidents, one was burned in a fire and another died in a tractor accident on a farm. State police found the four boys—James and Joseph Supeck, twin brothers; Edmund Dombroski and Patrick Barry Jr., all 17—in their disabled 1937 automobile Sunday morning in an isolated section of Fairmount Township, 20 miles southwest of Scranton. The car's motor was still running when police arrived. They apparently had been waiting for help.

In the multi-death traffic accident, William C. Dunn, 34, of Gardners, R.D. 2, his wife, Ruth Mae, 32, and their six-year-old son, Paul, were killed Sunday when their car collided with a tractor-trailer in Newport, Perry County.

SPEAKER NAMED FOR HOLY WEEK

Dr. Carl Christian Rasmussen, professor of systematic theology at the Gettysburg Lutheran Theological Seminary, will be guest speaker for the community noon-day Holy Week services this year, according to announcement received from Dr. A. Culmer Schultz, chairman of the special services committee of Warren County Ministerial Association.

The services will be held Monday through Thursday noon in Bethlehem Covenant church, Market street near Third avenue.

Nasser Pays First Visit to New Province

DAMASCUS, Arab Republic (P)—President Gamal Abdel Nasser paid his first visit to the Syrian province of his United Arab Republic today and received a tumultuous welcome from 100,000 of his new subjects.

Damascus radio's announcement of the surprise flight from Cairo brought crowds rushing to the building where Nasser was conferring with outgoing Syrian President Shukri Kuwaily. Both appeared on the balcony and waved.

"Long live Nasser our new president," the crowd chanted.

The Cairo press had been predicting that Kuwaily would arrive in Egypt at any moment to transfer power to Nasser. The Egyptian leader was thought to have changed signals for security reasons, visiting here to confer with Kuwaily on a cabinet for the new state.

Nasser didn't let Kuwaily know he was coming. No Syrian officials were on hand when he landed with Abdul Latif Boghadi, speaker of the Egyptian National Assembly; Field Marshal Abdul Hakim Amer, commander in chief of the U.A.R. armed forces; and Anwar Elsadat, head of Egypt's single party, the National Union, which is replacing Syria's parties.

The group drove off to Kuwaily's home.

The Egyptians and Syrians voted almost unanimously Friday to join in the U.A.R., with Nasser having almost absolute power as president during a transition period of unspecified length. Foreign governments continued to recognize the new Arab state. The latest were West Germany, Indonesia and Switzerland.

Churchill Enjoys Cigar With Visitor

Roquebrune—Cap-Martin, France, (P)—Sir Winston Churchill smoked a cigar today with the first visitor he has been allowed since he came down with pneumonia and pleurisy a week ago.

Pierre Jean Moatti, the local district governor, and his wife called at the Riviera villa where the British elder statesman is staying, to express their wishes for a speedy recovery and those of the French people.

"We had a cigar together," Moatti said. "He looked fine."

The governor explained that he had given Churchill one of his cigars and Churchill had returned the compliment with one of his own.

Field & Stream Club Feeds Wildlife

Food bombs were dropped to area wildlife Sunday afternoon by Warren Field and Stream Club members who were given a generous assist by Warren Aviation Club and Civil Air Patrol.

A total of 140 50-pound sacks filled with donated greens were dropped in hemlock areas where game gathers in time of winter storms. Four-foot lengths of rope, with ten ears of corn attached were also dropped to catch in trees for bird food.

During the past week, local merchants and produce dealers saved trimmings from carrots, lettuce, cabbage, celery and other greens. Apples were donated and the Club purchased 25 bushels of ear corn.

Trucks owned and driven by Jim Kiser, Jim Pierce and Bill Brooker collected the food, took it to the airport and bagged it in donated sacks. Pilots Howard Whitmore, Tom Marsh, Dr. John Huey, Everett Stokes, Bud Maier and CAP member Sherman Van Pelt flew the low altitude drop missions.

Augie Gantz, food committee chairman, had coffee and donuts ready for their return. Gil Nelson kept the planes in top flying condition.

Peron Support Is Vital Factor in Argentine Voting

By BRIAN BELL

BUENOS AIRES (P)—Gaunt, bespectacled Arturo Frondizi, a left-wing intellectual, is the new president-elect of Argentina. The support of banished dictator Juan D. Peron apparently was a decisive factor in his landslide victory.

Frondizi ran far ahead of middle-of-the-roader Ricardo Balbin in Argentina's first free presidential election in more than a decade. Nine other opponents trailed way behind.

Both are attorneys and represent left and right wings of the Radical party—a conservative group despite its name. Balbin ran for president against Peron in 1952 and Frondizi was No. 2 man on the ticket.

But Frondizi's intransigent Radical party collected votes from many of the strong-arm segments of Argentina's political spectrum this time. His backers ranged from Communists to labor to Peronists and Fascist splinter parties.

With more than eight million Argentines voting, unofficial figures early today gave Frondizi (Turn to Page Six)

Democratic Regional Conference on Today

PITTSBURGH (P)—Representatives of 10 western Pennsylvania counties assembled here today for a regional conference called by Gov. Leader in an effort to find ways of speeding his plan for a crash program of public works to stimulate employment.

The governor was to address the gathering as he did at Erie Feb. 13 in the first of a series of six meetings scheduled in communities around the state.

Leader proposes to ease unemployment by telescoping into a 46-week period construction scheduled for starts in the next two years on the federal, state, local and private levels. He has said the program would require no new taxes as money already has been made available for the various projects.

Snake Venom Thief Is Facing Prosecution

MIAMI, Fla. (P)—Miami's snake venom thief has 24 hours to return the goods or face the risk of prosecution.

That was the warning published in the Miami Herald today after \$5,750 worth of poisonous venom disappeared from the Miami Serpentarium Friday.

The thief called the snake farm Saturday and said he wanted the venom to protect himself against snakebite. But he hung up before he could be warned the venom in its present state is useless as an antidote but could kill up to 600 persons.

LYDIA DEAN FILES FOR INSURANCE

FRANKLIN (P)—Atty. J. Gerald McGill, who successfully defended Lydia Dean in a murder charge resulting from the rifle death of her Air Force husband, said today Mrs. Dean has applied for insurance benefits from the government.

"She was very reluctant to sign the necessary papers," McGill said. "She said she wasn't interested in money but I told her she should request the benefits due her because of her 3-year-old daughter."

"We filled out the necessary forms for her and she finally signed. The case now is in the hands of the Veterans' Administration. I am not sure just what she will receive from the government but I think it will be in the neighborhood of \$200 monthly."

Mrs. Dean, a 22-year-old native of the Philippines, was freed Feb. 4 of a murder charge by a Venango County Criminal Court jury. She had testified she accidentally shot her husband, Sgt. Ronald Dean, 29, at the home of his parents near Pleasantville last Dec. 7.

Recovery Plans Considered By Nation's Chiefs

WASHINGTON (P)—Both the Eisenhower administration and Democratic leaders in Congress may swing into action with recovery measures—including tax cut proposals—if the economy doesn't pick up next month.

However, some Republican leaders professed to see signs that the economy is about to stage a comeback.

Secretary of Labor Mitchell said "I would think so" when he was asked if it was the consensus of the Cabinet that a tax cut should be proposed if unemployment continues to rise next month.

But Mitchell said he expects unemployment to decline in March after reaching a peak of perhaps 4,600,000 or 4,700,000 jobsless this month. Unemployment in January was reported as nearly 4½ million, or 5.8 per cent of the total civilian working force.

There already are signs the employment situation is improving, the labor secretary said in a television interview. But he said if the business lag should get worse the administration will "do whatever is necessary" to reverse the trend.

Members Brokenstraw Fish and Game Turn Out in Force

Brokenstraw Fish and Game Club, which has organized game feeding programs for the past four weekends, reported its largest turnout Saturday afternoon when 40 sportsmen responded.

Meeting at Youngsville Fire Hall, the men divided into groups of four to six, then started out to distribute 56 cartons of greens and clover hay which had been donated by Youngsville and Warren area merchants and restaurants.

The game food was spread in the areas of York Hill, Brown Hill, Matthews Run, Hull Hill, Indian Camp Run, Davy Hill, Pittsfield, Irvine and Grunderville. The hay was sprinkled with a molasses solution to draw the deer.

Many thanks were extended to Ellis Ellsborough, Harry and Allison Wertz, Ronnie Hendrickson, and John Zock who spent much time and effort gathering the greens. Youngsville Farm Service donated a truck and members used their own automobiles in distribution. Much hay was donated and John Bobelak and David Young each donated ten additional bales for the feeding program next weekend.

Any sportsmen interested are urged to be at Youngsville Fire Hall by 1 p. m. Saturday. They are asked to bring a jug to carry the molasses solution.

New Russian Weapons Test Reported by AEC

WASHINGTON (P)—The United States announced a new Russian weapons test yesterday. Japanese scientists said the Soviets had exploded a hydrogen bomb in the Siberian arctic.

An Atomic Energy Commission announcement said only that "the Soviets had conducted a weapons test" in Russian territory and that "the yield of the test was in the megaton range." A megaton is the explosive equivalent of a million tons of TNT.

Somewhat later, Japan's Central Meteorological Observatory said its staff had calculated the blast occurred about 2,480 miles north-northwest of Japan. An observatory spokesman said in Tokyo the explosion was "rather big" and was believed "similar in size to a previous Russian test held last October."

WASHINGTON (P)—Republicans accused former President Truman today of conducting a "fear" campaign they said could bring about an economic depression.

Truman's Saturday night broadcast against the "economic misrule" he said had produced a Republican recession was assailed by leading GOP senators as a disservice to efforts to slow the business downturn and to lift employment.

Sen. Wiley (R-Wis.) said that this is not a period when "men who have been in high places can afford to ignore their responsibilities."

Citing income and employment statistics, Wiley said the country is not going to the dogs.

"But if the people are going to continue to be told that everything is haywire they are going to get in a mental condition where they will stop spending and then anything could happen," he said. "What Harry Truman is doing is creating fear of the worst kind."

Sen. Francis Case (R-SD) agreed in a separate interview, while nearly a score of other Republicans issued weekend statements criticizing various parts of Truman's speech at a \$100-a-plate dinner.

The statements used such words as irresponsible, cynical, untrue, demagogic and reckless.

Assemblyman A. M. Gibson Candidate for Re-Election

Assemblyman Allen M. Gibson today formally announced his candidacy for reelection to Pennsylvania General Assembly.

Mr. Gibson, a resident of 203 Cray Avenue, Sheffield, has served seven consecutive terms in the Assembly since first elected in 1944 and presently serves as Assistant Majority Floor Leader and Whip.

By representing Republican Warren County ably for a dozen years, Assemblyman Gibson now is a member of: State Highway and Bridge Authority, Commission on Interstate Cooperation, Executive Committee on the Joint State Government Committee, House Rules Committee, Ways and Means Committee, Public Utilities Committee, Banking and Building and Loan Association Committee.

By virtue of his experience in these legislative bodies, as well as many special Task Force Committees, Mr. Gibson has introduced several hundred bills in the legislature and many of them have become the law of the Commonwealth.

In his candidacy for reelection announcement, the Warren County Assemblyman observed: "When I entered the General Assembly in 1945 the responsibilities and activities of a Representative were much less demanding. It was a limited part-time job and I was able to work it in with my bread and butter employment. This was all changed in 1957-58. The office of Assemblyman is now nearly a full time job, involving much longer sessions of the legislature, a great volume of correspondence, telephone calls and time consuming travel. It is fascinating work, a rewarding service and I enjoy it thoroughly. I appreciate the honor and responsibility Warren County has bestowed upon me and I thank you, the people of the county, for the opportunity to have served you in the past."

Sylvania Sales For 1957 Highest In Firm's History

NEW YORK — Sylvania Electric Products Inc., has reported that its net sales for 1957 were the highest in the 56-year history of the company.

Don G. Mitchell, chairman and president, said in a letter to shareholders preceding issuance of the full annual report early in March that net sales last year totaled \$342,957,081, compared with \$332,344,139 in 1956.

The 1957 sales volume, Mr. Mitchell stated, represented a 7 per cent increase in Sylvania's commercial business and a 9 per cent decrease in its defense business, "due principally to the completion of certain production contracts."

He added, however, that Sylvania's backlog of unfilled defense business "now is sharply ahead of a year ago because of a number of large electronic defense research and development contracts received in recent weeks." The 1956 sales figure, as well as all other 1956 figures, are adjusted to reflect the combination of Argus Camera with Sylvania. Argus, previously an independent company, became a division of Sylvania on Jan. 2, 1957.

Net income last year totaled \$12,655,839, against \$14,835,389 in 1956. After provision for the dividend on the 34 preferred stock, last year's net income was equal to \$348 per share of common stock on 8,526,274 shares outstanding on December 31, 1957. In 1956, net income was equal to \$410 per common share on 3,513,267 shares outstanding. Income before Federal taxes on income was \$24,255,839, compared with \$27,979,389 in 1956.

Earnings were below the 1956 total the Sylvania chief executive said, "principally because of increased research and development expense in a number of promising newer fields, higher manufacturing costs arising from change-overs to new products designs, and unusually intensive price competition in some of our more profitable lines."

Adoption of the U. S. national anthem was sponsored by former Representative John Charles Lanthicum, of Maryland, in 1931.

\$2,375 Damage, 1 Citation in Four Saturday Mishaps

Damages of \$2,375, plus a charge of reckless driving, stemmed from four accidents which happened within eight hours Saturday.

First mishap occurred at 4 p. m. Saturday along Matthew Run Route 27 three miles out of Youngsville. According to state troopers who investigated, Theodore Kofod, 71, of Youngsville, pulled out of his driveway intending to head north on Route 27, but shaved his timing a little closely. Heading south and skidding into him as she attempted to brake to a stop was Mary Gustafson, 24, of 190 Davis Street, Youngsville.

Total damages were estimated at \$500, most to the Kofod machine.

Second mishap occurred at 4:45 p. m. at Market and Fifth after two drivers apparently felt that neither had to be cautious since the light was not working during repairs.

After the crash, Samuel E. Lannen, 50, of Jackson Run Road, had \$500 damages David Honhart, 17, of 610 Pennsylvania Avenue, West, had \$600 damages estimated Lannen was proceeding north on Market. Honhart east on Fifth.

At 7:58 p. m. Saturday, Everett Sailor, 40, of 328 Park Avenue, was arrested for reckless driving after police charged he attempted to pass in a dangerous manner a car which had signaled a turn. According to the report, Richard L. Conway, 16, of 1200 Madison Avenue, was heading east on Pennsylvania Avenue when he signaled a left turn onto Hammond Street. His car was struck on the left side as Sailor attempted to pass.

Damage was \$300 to Conway, \$250 to Sailor.

At 11:35 p. m. Saturday, borough police received a report of a mishap at the intersection of Fourth Avenue and Market Street. According to the statement given them, Robert E. Weiland, 18, of 7 Hinkle Street, was going east on Fourth across the intersection with the green light when he was struck by Vincent L. Baran, 19, of Sugar Grove. The statement claimed Baran ran a red light as he headed south on Market.

Damage was \$75 to the Weiland machine, \$100 to Baran.

Slow Filing of 1957 Returns Causes Worry

John H. Bmgler, district director of the Pittsburgh Office of the Internal Revenue Service, expressed concern over the slow filing of 1957 income tax returns.

Mr. Bmgler said that of the 1,600,000 returns expected to be filed in the Pittsburgh District, only 330,000 have been received to date. This is about 60,000 less than was received for the comparable period last year.

Although the Pittsburgh office is equipped to handle the processing of 40,000 returns daily, Mr. Bmgler stated, we are receiving returns at the rate of only 20,000 a day.

Mr. Bmgler urged all taxpayers, who have not done so, to file their returns as soon as possible and not wait until the last few weeks of the filing season. By doing so, he said, you'll be getting the duty behind you and will enable the Internal Revenue Service to utilize its Processing System and its temporary help to the greatest degree possible.

State University' Report on General Business Favorable

University Park — Although industrial activity in Pennsylvania fell sharply from November to December, general business during December held its November level.

The Bureau of Business Research at the Pennsylvania State University reported today that the Index of General Business in December stood at 168, the same as November but 1 per cent under a year ago.

The index, which uses 1947-49 as 100, as based on bank deposits, factory payrolls, and industrial power sales.

While December business was down slightly from a year ago, the Bureau noted that general business in 1957 was about 4 per cent above that of 1956.

Department store sales, telephones, cost of living, and unemployment showed no change from November to December while retail food costs rose slightly. Hotel receipts from rooms and food declined.

Only bank deposits and street railway revenue traffic rose more than expected of them. All other series were disappointing.

Those which showed an increase, but not what was expected included postal receipts and new car sales. Those that fell when an increase was expected included anthracite and bituminous coal production, building operations, factory hours and payrolls, industrial power sales of ordinary life insurance, and steel production.

Factory employment declined when the expectation was no change and carloadings in the Allegheny District dropped more than the drop seasonally expected.

Band debits, department store sales, and telephone all made new monthly records. Postal receipts reached their second highest point for December, being topped only by 1953. Sales of new cars and trucks were better than last year as were factory payrolls.

Most series showed losses from a year ago. Life insurance sales were down, although at the second highest point; building permits dropped to the lowest point since December, 1945; new record lows were reached by anthracite and bituminous coal production and by carloadings in the Allegheny district.

Steel production in the Pittsburgh-Youngstown district was at the lowest point for the month in recent years while in the Eastern district it was below any December level since

1954. Factory employment was the lowest since 1954 and factory hours also reached a new low for recent years.

Industrial power sales, crude oil production, street railway revenue traffic, and hotel receipts from rooms and food were all under 1956. The consumers' price index of retail food costs were above 1956, as was unemployment.

The summary for the borough of Warren follows: Warren business conditions in December were marked by a record high for the month in new car sales and telephones, industrial power sales at their second best point, and building operations at the best level for the month since 1952. Only postal receipts dropped to the lowest point since 1953.

District Attorney To Deliver Talk At Gra-Y Supper

Samuel Bonavita, district attorney, will speak at the Fifth semi-annual Gra-Y Dad-Lad supper Tuesday evening at 6:00 o'clock. Mr. Bonavita, father of three children, has a keen interest in young people. In the past he has contributed much of his time toward the development of sports in this area.

Serving as master of ceremonies and speaker, Mr. Bonavita's theme will be "Sports and Citizenship, Rules of Team Participation," and the benefits and enjoyment of sports development of the individual.

The invocation will be given by Rabbi Herbert Berger of the Warren Hebrew Congregation.

Harry Fox, an able veteran of song, patter and jokes will supply the entertainment of the evening along with Don Hyles who will be the song leader.

The dinner of the evening was planned by Committee Chairman Robert S. Johnson, who has done splendid work in the Gra-Y and also serves on the Gra-Y Council Board. Others serving on Mr. Johnson's committee are Samuel Loomis, Dan Stummel and Angelo DiMino.

All Gra-Y boys are urged to attend the dinner for good food and good entertainment. Boys who did not receive their membership cards at a previous ceremony will receive them Tuesday night.

There will be a surprise prize

WORRY ABOUT FLOODS

In view of the gloomy predictions that have been offered the reading and listening public the past few days we submit the following from The Salamanca Republican Press as a counter-argument to ease the minds of those who are inclined to be disturbed by thoughts of dire happenings before there is cause for alarm:
"The optimist sees the doughnut; the pessimist sees the hole." So an unnamed humorist is reported to have sought to illustrate the difference between those who tend to see the bright side and those who more or less habitually take the dark view.

The present big accumulation of snow over Western New York and Pennsylvania, affords opportunity for both pessimism and optimism. The water content of this accumulation of snow must be enormous. Some of it came as wet snow, heavy with water; some was light and fluffy when it fell; some was like granulated sugar, almost ice. Add it all up and you have high potentialities for good or ill.

The pessimist thinks of warm days and rains that might melt the snow rapidly and send torrents of water into the valleys, putting streams out of banks and causing heavy flood damage.

The optimist remembers that snow is good fertilizer, and makes for productivity of the soil. Also that if weather conditions are favorable, much snow will melt gradually and seep into the ground to replenish underground supplies—filling wells, assuring flow in springs, raising the water table (which has been low of recent years). The optimist also remembers that March and April often are marked by cold nights, which check the runoff started during warm days. And that many another heavy accumulation of snow has been providently disposed of by Nature.

To attempt to predict which way it will be with this winter's snows, would be rash and foolish. However, it is well to remember that the optimist might be right.

ONE LAST COMMENT

Titusville Herald: Having wrapped up the notes from which 34,430 words were written on the Lydia Dean trial for readers of The Herald, we wish to make two minor comments before putting away the matter for good.

First, the dependence of people on their newspapers for information was emphasized time and time again by attorneys for both sides. Every prospective juror was asked: "Have you read about this case in the newspapers?" It was always "newspapers," and never anything else. Rightly so, too, because newspapers are far and away the dominant medium for news and information in this country.

And second: the trial underlined a point that should be made more often by those of us in the morning field, and that is: comprehensive coverage of an event is done better by morning papers. This is true, not because people who work on morning papers are smarter—not at all—but simply because of the hour of issue. Morning newspaper stories are written at the end of the day, when all is finished, so they present a complete and unbroken story of one day's events. Afternoon papers do a fine job of telling what happened during the first part of the day, that very day, but they are obliged to go back and review what happened in the late hours of the previous day. Inevitably, such an account is not free-flowing.

Now, good-bye to the most newsworthy trial in Western Pennsylvania for many a year.

Daily Lenten Devotions

Read Titus 3:1-7.

Remember, O Lord, thy tender mercies and thy loving kindnesses; for they have been ever of old. (Psalm 25:6).

A little boy who loved animals saw a neighbor whip a horse. The boy ran home to get his bank. The man knew the boy had been saving his pennies to buy a baseball suit. The boy handed his bank to the man, saying, "This is for you so you won't whip the horse anymore."

"If you give me your money, then you can't buy the suit," said the man, amused.

"I'd be happier not to have the horse whipped than to buy anything for myself," cried the boy earnestly. "My money tells you how I love the horse."

The man's eyes filled with tears. He put his arms around the trembling boy and promised that the horse would never be whipped again.

"Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God for he will abundantly pardon."

PRAYER

Gracious God, that which we would not do, we have done. Now we come to Thee seeking Thy forgiveness. Look not upon our unworthiness, but only upon our contrite hearts. Help us henceforth to walk uprightly before Thee. Fortify us against temptation. In His name. Amen.

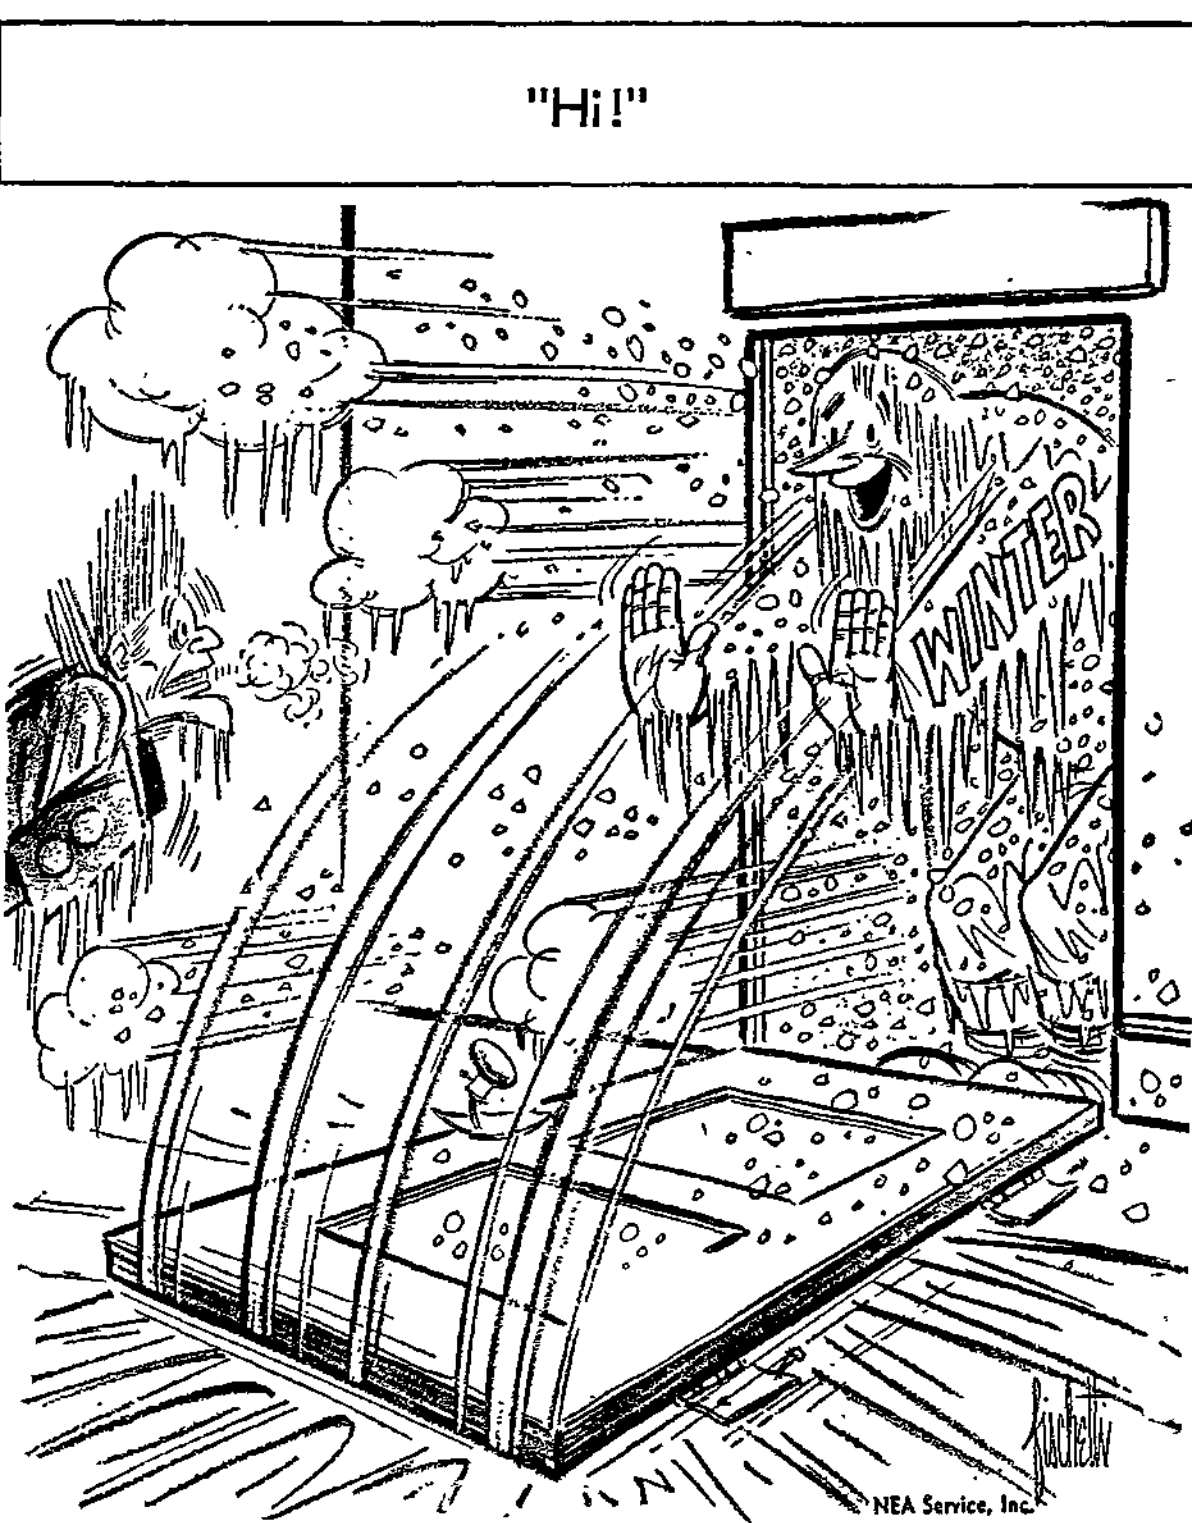

THOUGHT FOR THE DAY

Because God is merciful, we can have hope in this life and in the life to come.—Edna Dessar Wells (New York).

THOUGHTS FOR TODAY

Moreover he said, I am the God of thy father, the God of Isaac, and the God of Jacob. And Moses hid his face; for he was afraid to look upon God.—Exodus 3:6.

We treat God with irreverence by banishing Him from our thoughts, not by referring to His will on slight occasions.—John Ruskin.

Here and There

Looking forward to the summer time when, it is expected, all thoughts of a flood will have been forgotten and folks will be looking and planning for the outdoor season it is interesting to note that the Calvary Baptist church has already set Saturday, June 14th, as the day for the annual Sunday school picnic.

These are tough days for our feathered friends, and it is urged again that readers remember to put out food for the birds until the snow disappears from the ground and food will be available for them. The same situation applies to wildlife, we are reminded by an article in the Weekly Newsletter, issued by the Pennsylvania Game Commission, which says: "Humans have been thrilled at reports of rescues, air drops of food to stranded persons and merchants rationing food to make the supply last over the snowed-in period in some localities. There is a certain amount of drama, also,

in the plight of wildlife in severe conditions such as have been experienced lately. But wildfowl and sportsmen find nothing amusing about the plight of the deer, particularly at this time. They are doing everything humanly possible to provide natural food to tide the distressed animals, as well as wild turkeys over this critical period while the snow is 18 to 40 inches deep in the northern counties. Meanwhile it is hoped the weather will soon moderate and continue to be "reasonable" for the next few weeks, so that the wild brood stock in the woodlands will pull through in condition to repopulate the countryside. In most northern counties game has had a rough time since late last year. But the additional deep snows and record cold of the last two weeks have caused Game Commission personnel, sportsmen and others to watch conditions closely and to extend their efforts to help distressed wildlife in every way possible.

Union of Jordan and Iraq Entangles Mideast Furthre

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Federation of Jordan and Iraq into a single country caused more surprise—if not consternation—in U.S. diplomatic circles than the union of Syria and Egypt two weeks before.

Egyptian Dictator Nasser's dreams of a greater Arab nation have, of course, been bandied about for several years.

But nobody took them seriously until the two recent mergers actually came off. They caught western world intelligence services badly off base, and scooped them completely.

U.S. Secretary of State John Foster Dulles had been in Ankara, Turkey, Jan. 26-30 for the fourth Baghdad Pact meeting with Britain, Turkey, Iran, Pakistan and Iraq. But not a word was heard at this conference that the Jordan-Iraq union was being considered.

THE IDEA THAT IRAQ should give more support to weak Jordan had been talked of loosely. It was given some U.S. encouragement. Iraq actually gave Jordan a million dollars or so from time to time.

There was also an Egyptian-Saudi Arabian-Syrian agreement to give Jordan the equivalent of 35 million dollars. This was to make up for the old British subsidy to Jordan—ended when British troops were kicked out.

Egypt and Syria never gave Jordan a dinar. Saudi Arabia contributed the equivalent of four million dollars last year. A second Saudi Arabian payment is now being negotiated.

What the United States is going to do for Jordan and Iraq in the future is also now being worked out. Last year the U.S. gave Jordan around 40 million dollars in military, economic and technical assistance.

Some U.S. military aid was airlifted into Jordan last year to counter a threat of Syrian aggression. With the help of the U.S. Sixth Fleet, this operation was considered a success.

The U.S. gives no economic assistance to Iraq because it has oil revenues of its own and doesn't need that kind of aid. There are some technical assistance funds for Iraq. The amount of military aid to Iraq, as a Baghdad Pact country, is secret.

ONE POSSIBILITY is that for the future, the U.S. may give all its aid to the new Arab Federated State of Jordan and Iraq. Specific allocations would then be made to the two countries on the same formulas in effect for previous aid.

The whole scheme of Middle East international relationships has been thrown into a scramble by the new developments.

For example, Jordan has an armistice agreement with Israel. Iraq and Israel do not have such an agreement.

Jordan is where most of the 500,000 refugees from what used to be Palestine are now kept in camps. The United Nations agreement to feed these refugees ends in 1960.

What the influx of these Palestinian refugees into Iraq would do to that country is another problem to face later.

THIS UNION obviously puts a formidable obstacle in the path of Israeli ambitions to move their eastern border to the Persian Gulf.

On the other hand, it is not believed that the union of Jordan and Iraq will cause the Israeli government to make any sudden moves to occupy the territory now held by Jordan west of the Jordan River.

President Nasser of Egypt and Syria welcomes the union of Jordan and Iraq officially. But there is no disguising the fact that the ultimate Egyptian aim is to drive the kings off all Arab thrones and merge the whole Middle East into one greater Arab state.

Special efforts have been made to provide natural food for deer and earn corn, in feeders, for wild turkeys. Due to ice crusted snow, it has been difficult for the turkeys to reach nuts and other foods on the ground. In the case of the deer, particularly the smaller animals, the problem was to find browse within reach, natural foods being in short supply in some localities.

A release from Washington, D. C., says the National Wildlife Federation has announced publication of a new booklet by its Executive Director Ernest Swift, this one a piece of interpretive history entitled "The Glory Trail." In a 20,000-word essay, the Federation leader has traced the conquest and settlement of the wilderness that is now the United States. He examines with keen insight the motivations, and the mores, of the people who made the "great American migration" and who exploited the resources of a continent under free-wheeling, boom-or-bust conditions unparalleled in world history. "This booklet makes no pretense of being a complete history of the United States," the author wrote in a foreword. "It is not a recital of events but a panorama of motivation and action; a picture that must be viewed from a distance to appreciate the restless ebb and flow of humanity and the fabulous wealth of empire that we claim as our heritage. Its intent is to arouse an intellectual curiosity for resource history."

Before taking his present post with the nation's largest conservation organization in 1955, Swift served 18 months as assistant director of the U. S. Fish and Wildlife Service. Prior to that he was director for seven years of the Wisconsin Conservation Department where he started his conservation career as a game warden 32 years ago. His thought-provoking editorials in the Federation's Conservation News have prompted widespread comment and no little controversy among users of the public lands, forests, waters, wildlife and other natural resources. A collection of his editorials and essays appeared in an earlier booklet, entitled "By Which We Live" and released by the Federation last September. Single copies of "The Glory Trail" may be obtained without charge by writing to the National Wildlife Federation at 232 Carroll Street N. W., Washington 12, D. C. in quantities up to 25 the price is

Here's an interesting and timely "Income tax season" story, which was sent out of Washington over The Associated Press during the weekend: Don't think you can fudge on your income tax return and get away with it because Uncle Sam's tax agents crosscheck only a fraction of all returns. Internal Revenue Commissioner Russell Harrington says his men actually check into about one of every 10 returns which might be in error. Harrington was quizzed by a House Appropriations subcommittee about a published account that the Revenue Service audited only 1,951,000 of the 58,640,000 individual 1956 tax returns. While the figures are correct, Harrington said in his Feb. 3 closed-door testimony made public today, 80 per cent of the 58 million returns are from people who just take a straight 10 per cent standard deduction. It's the other 20 per cent that are subject to checking on itemized deductions. In framing a policy statement for 1958 expense reporting, Harrington said, the aim will be to spread a net so "the little fish can get out and the big fish stay in."

SOCIETY

Players' Club Presents

Employed by New Process Company and enjoying little theatre as his principal hobby, Dick Scalise cops the spotlight in the role of Mr. Myers, QC, the prosecution counsel, in the Warren Players' February 27-28 production of "Witness for the Defense."

The annals of Players' Club history reveal Dick was first seen on the stage in 1947 in the show "Hello Out There", and, more recently, will be remembered for a stellar performance in "Stalag 17", which was directed three seasons ago by Louie Critelli. He has always had an avid interest in dramatics, and played many roles on the Warren High School stage.

Residing now at 103 Park avenue, with his wife and four children, Dick still finds time to promote his interest in the earliest of the arts, little theatre.

A play designed to keep the audience in suspense, "Witness for the Prosecution" finds Mr. Myers prosecuting Leonard Vole, who is accused of the murder of Miss Emily French.

Players' Club has rarely dabbled in a tale more spine-tingling or timely, since the current

flicker adaptation is enjoying wonderful reviews and has already received five nominations for the Academy Award. Playgoers can look forward to a suspense-packed evening if they attend a performance either Thursday or Friday evening, when the curtain goes up at 8:30 and indications are the SRO. sign will be out before production dates arrive.

WCS MEETING

CLARENDON—There was a good attendance, despite bad weather, for the Methodist WCS meeting held at the home of Mrs. Mary Campbell. Group singing of "We've a Story to Tell the Nations" was followed by prayer.

Mrs. Hubert Jicha, Sr., of Pittsburgh, read several lovely Japanese poems, told of the people and customs of that country, and closed by leading the singing of several Japanese songs. She was given a rising vote of thanks for her fine talk and display of native articles.

During the business session conducted by President Martha Schneider, reports were accepted and letters were heard from the Warren Junior Chamber of Commerce regarding the Community Ambassador Fund and from Mrs. J. Harold Hopkins, on the Erie Conference assembly of WCS. Refreshments were served by the hostesses and members were reminded their next meeting will be March 18, with Mrs. Schneider as program leader.

POSTPONED MEETING OF BAPTIST SOCIETY

The postponed meeting of Nearer and Farther Lights Missionary Society of First Baptist church will be held at 7:45 p. m. Tuesday in the church parlors. Mrs. Carl E. Whipple will lead devotions. For the program on "Japan", Hugh Lauffer will give a talk, illustrated with colored slides. Hostesses for the social hour will be members of Addie Thompson Circle.

SPAGHETTI SUPPER

The Altar Society of St. Joseph's church extends a welcome to the public to enjoy another of its popular spaghetti suppers at the school hall from 5:00 to 7:00 p. m. Tuesday. Take-out orders will be ready in the school basement at 4:30 p. m.

Sheffield PTA Groups Hear Much of Schools

SHEFFIELD—Washington and Lincoln PTA groups met in Gailor Auditorium of the latter building for a combined 61st birthday observance and a very good attendance.

Phillip Anundson, president of Lincoln Unit, opened the meeting; devotionals were conducted by Mrs. Clyde Farnsworth; vocal solos, Nancy Belcher and Mary Jo Pastrick, with Mrs. Evelyn Anderson as accompanist; piano solos by Diane Leseman and Sandra Olson. Jack Andrews, president of Washington unit, gave the welcome and presented the speaker, Thomas Barratt, supervising principal, who spoke on "The Status of Education in Sheffield Schools, and how fortunate to have two PTA groups, of vital importance in proper functioning of schools."

The need for cooperation in operation of public schools is constantly increasing, he said. PTA's form one means of insuring exchange of information and ideas which provide the basis for cooperative effort so necessary. Parents should be encouraged to take an active, aggressive interest in affairs of the public schools of the community, he reminded.

Mr. Barratt stated new plans should be made in the near future to care for the 300 pupils in elementary schools, the two buildings presently in use not being adequate or particularly safe. Washington School was built in 1876 and Lincoln School in 1910. The High School, in 1912, was given by Horton's, with an addition in 1927. Having 240 students, with 21 from Cherry Grove Township, the building consists of 14 classrooms, offices, gymnasium, and an auditorium, with shop work done in Washington School. Cost in operating the schools was summed up to \$190,000 per year.

Room awards for the best attendance was grade 2, Lincoln School, and grade 4, Washington.

Mrs. John Zandi, chairman of the refreshment committee, served coffee and birthday cakes from a table decorated with spring flowers.

'OPEN HOUSE' FOR THE HOLMES LARSENS

Mr. and Mrs. Holmes Larsen will celebrate their 35th wedding anniversary Saturday, March 1, with an open house from 2:00 to 4:30 p. m., given by their children, R. H. Larsen, Jamestown; Miss Joan Larsen, Cleveland, O.; Mr. and Mrs. David Larsen, Warren. Mr. and Mrs. Larsen will be happy to receive relatives, neighbors and other friends at their home, 308 East Fifth avenue.

The Mature Parent Experiences As Child Can Affect the Role of Parent

BY MRS. MURIEL LAWRENCE

IN the fifth grade Mr. F. had a rough time with grammar. One day when he'd called a noun an adverb, his teacher said, "When I think of what a fine student your sister Ada was, I just can't believe you're her brother!"

It went on like that. As Ada continued to study as hard as her younger brother played, her school marks continued to outrank his. And as their parents, relatives and teachers continued to praise her record while barely managing tolerance for Mr. F.'s, he dealt with the humiliating difference in the usual way.

His resentment of Ada became resentment of schooling. In his third year of high school he left it to enter the building trade.

TODAY it's an immense, secret satisfaction to him that unmarried Ada makes \$3,500 a year teaching grammar in a run-down school while he makes \$15,000 as a prosperous building contractor. Which wouldn't matter at all if this jealous satisfaction were not making a problem in his family.

Just last night his wife said to him, "Why couldn't you say something nice to Bill about his B in algebra? You know how hard he's worked to get it. Honestly, I sometimes think you don't care if the boy gets through high school or not."

The truth is, Mr. F. doesn't.

RESENTMENT of his sister is still so mixed up with resentment of schooling that he just can't respect it as profitable to his children. Completely unaware of why the obligation to encourage their school work makes him so angry, he shouted at Mrs. F., "Can't a man ever get peace in this house?"

Others of us live out our experience as parents without ever realizing how our early feelings toward brothers and sisters color our treatment of children.

Because our older sister's excuses always seemed to get her out of dishwashing, we are stricter than we need be when our older daughter neglects her chores. Because our younger brother made nothing of his mechanical talent, our son's passion for tinkering with gadgets irritates us.

We're all burdened by such leftover fears and resentments. The wise ones among us make a point of becoming aware of them.

Alumnus of YHS in 1953, Mr. Kwiatkowski is a yeoman second class in the U. S. Navy, located at Portsmouth, N. H., Naval base. A June wedding is being planned.

Music Students In Fine Recital

Despite wintry weather and much illness among students of Warren School of Music, there was a very good attendance and a goodly number of pupils participating in the Saturday evening recital program, presented

in the social rooms of the YWCA activities building.

The entire program, excepting ensemble numbers, was given from memory. Such qualities of musicianship as rhythm, expression, tone and technique were outstanding, in the very youngest performers, as well as those with additional years of study.

Students heard on the program were Gail Lawson, Betty Ann Himes, Jay Sellin, Rae Ann Suess, Kathrin Peterson, Barbara Kyler, Margo Branch, Ronnie Howard, Gail Watt, Mary Ann O'Neil, Karen Grimes, Joan Sundell, Sherie Coates, Sandra Schuyler, Susan Slick, Susan Hultman, Jane Burford, Charley Branch, Bobby Ekey, Charles Terry Nuhfer, Judy Atkins and Eileen Ross.

First children's home in the world was started by Catherine Fay, at Marietta, Ohio, in 1897.

Men's Night for The Garden Club

A large number of members and guests attended Warren Garden Club's annual "Men's Night", when Dr. James Richards, president, conducted the business meeting.

Announcement was made that Warren Garden Club members are invited to exhibit and attend the African Violet Show in the Mongolian room of Hotel Jamestown, sponsored by the African Violet Club of Jamestown and set for March 29 and 30. Anyone desiring further information may call Dr. James Richards.

Dr. Lee Borger, program chairman, announced the March meeting will feature "Ladies' Night", with Mrs. Robert Voigt as chairman. A plant exchange will also be conducted.

The program was arranged by Grover Lund, who presented three of the club's experts to discuss the raising of their own specialty. William Harbert discussed raising Bearded Iris; Myron Jewell explained the growing of Dahlias; Frank Molinaro discussed Delphiniums.

In conclusion, cherry tarts were served from a table attractively appointed in a red, white and blue theme. Mrs. Lockwood Towne and Mrs. Lee Borger poured; Mrs. Alex Fino was refreshments chairman.

The next meeting of the group will be March 20 at the YWCA, and any interested gardener is welcome.

Plan Services for County Accident Victim Tuesday

Services in memory of Allie Cady, 65, Pittsfield man who died in the Warren General Hospital Sunday morning of injuries sustained when he was brushed under a bulldozer Friday, while working for the Game Commission clearing a road on Game Lands in Deerfield township, will be held at the Wesleyan Methodist church in Pittsfield Tuesday afternoon at two o'clock.

Mr. Cady was a foreman for the food and cover division of the State Game Commission. He was helping uncover natural foder for wildlife in the snow-covered woods.

Coroner Ed Lowrey ruled the death was accidental. The victim died of a fractured pelvis, ruptured bladder and shock.

The coroner was told Mr. Cady was seated on the back of a bulldozer operated by Edward Drukemrad of Tidioute. The operator told officials that he turned to see the victim sitting on the machine and after looking at the controls and starting the bulldozer backward, he again glanced around and Mr. Cady was gone.

Mr. Drukemrad stopped the machine and discovered that Cady had fallen on one side of it and that the blade, which extended out past the side of the bulldozer, had crushed him as the unit moved backward.

The operator, with the help of an unidentified worker, rushed the injured man in a Jeep to the highway, a distance of about three miles, where they were met by two game wardens who removed him to the Warren hospital.

Mr. Cady was well known by scores of hunters from the region through his work in the woods around the Pittsfield section where he was a deputy game protector.

Surviving Mr. Cady are his wife, Ethel, five daughters and two sons, Mrs. Marjorie Enos, Mrs. Dorothy Hazeltine and Mrs. Ruby Dyer, Pittsfield; Mrs. Vera Brown, Buffalo, N. Y.; Mrs. Gladys Brown, Kittanning; Allie Cady, Jr., and Alton Cady, at home; also 23 grandchildren; two sisters and one brother, Mrs. Hazel Rhodes, Youngsville; Mrs. Alice Summerson, Pittsfield; Dave McClelland, Kinzua.

During his campaign Frondizi pledged amnesty for all Peronists and that "includes everybody." But he never specifically included Peron, which raised speculation whether Frondizi would let the banished dictator come back.

Last night Frondizi said the first job of the new Congress would be to enact a general amnesty law covering all parties and including those now in jail for their politics.

From his refuge in the Dominican Republic, Peron hailed Frondizi's victory as the result of the implied support he gave him. Peron said he would consider a return to his homeland, but planned a trip "to rest" first. He did not elaborate.

Peron claimed the election did not really represent the majority view because Peronists were banned from campaigning or running openly under their true colors.

Spring Weather Preview Enjoyed By Nation Today

By THE ASSOCIATED PRESS

A preview of springlike weather appeared the outlook today in many parts of the country.

The fair and comparatively mild weather, a continuation of yesterday's conditions in many areas, was a welcome relief to many sections hit by a long stretch of cold and snow.

Some Northeast areas remained in the wintry belt. A storm from southeast Canada dumped more snow in parts of New York state and much of New England yesterday. Cold weather lingered in the snow-covered areas. Snowfall in some parts of New York measured more than 6 inches.

THE MARKETS

NEW YORK — Stock market prices were slightly lower in sluggish early trading today.

Leading issues declined fractionally. A few small gains were made.

The business and economic background showed no radical change over the weekend. Auto production cutbacks were reported spreading and reduced steel buying by automakers was putting the lid on the steel industry's prospects for March. Buying of copper, lead and zinc was reported slow.

An irregularly lower tone prevailed among the motors, steels, rails, chemicals, oils and air-traffic. Some copper shares bucked the trend.

Plan Merger of Two Departments in June

HARRISBURG — Sen. Harry Seyler (D-York) said today the June 1 merger of the State Welfare and Public Assistance departments would likely come about without any reduction in the number of workers assigned now to the two departments.

"I certainly don't figure any worker in either department will be eliminated when the merger takes place," Seyler said. "But there certainly will be some reassignments."

Seyler is one of 26 members assigned to a special committee established to study the merger approved by the 1957 Legislature and lay down the groundwork for the consolidation.

SHEFFIELD

SHEFFIELD — First Methodist church will have its annual father and son banquet this evening at 6:30. Mrs. Robert Jones is general chairman; Retta Pinney the dinner chairman, assisted by several Sunday school classes.

The February meeting of Home Builders Class of First Methodist church will be held Tuesday evening at the home of Mrs. Evelyn P. Gallor. The worship service will be conducted by Mrs. Fred Carlson; program chairman is Mrs. Sara Kunselman. The hostess group for the social hour and officers of the class desire a good turnout for the meeting.

The Garden Club meeting, postponed last week, will be held this Wednesday afternoon at the home of Mrs. Sanford Secor.

FAMILY AT ERIE

ERIE, Pa. — William Enfield, 28, of Harborcreek R.D. 1, was killed yesterday when his auto crashed into two parked cars along Route 20 about four miles east of Erie and overturned.

President Hits Back at Former Chief Executive

WASHINGTON — President Eisenhower said today that "America is strong, America is healthy" and this is "no time to listen to the people who are men of little faith, little spirit."

Eisenhower spoke to the National Food Conference, but his words appeared beamed directly at former President Harry S. Truman.

At a Democratic money-raising dinner in his honor, Truman lit into the Eisenhower administration Saturday night. He said it had brought five years of "economic misrule" which produced a Republican recession in the United States and had damaged confidence in this country overseas.

Hitting back without the use of names, Eisenhower said the nation is stronger than it is represented to be by people who are "wailing" about conditions.

These are times for courage and common sense, Eisenhower said. These, he said, can prevent what he acknowledged is an economic dip from becoming serious.

Other Republicans started sniping back angrily over the weekend, but the White House said Eisenhower had no comment.

Then he went over to the Stater Hotel to extend greetings to the food conference and cut loose a bit.

Corydon Residents Making Plans for Flood Conditions

CORYDON — With tons of snow lining the streets and highways, and homes practically surrounded by huge drifts, Corydon folks are alert to damaging flood conditions in the event of rain and the Allegheny disposing of its usual heavy load. However, like many other residents of the valley, they will be in measure prepared and are hoping for the best.

The weekly work meeting of the Foreign Missionary Society of the Church of the Nazarene was held at the home of Mrs. Helen Burch at Onoville, a tureen dinner preceding the work session. Members were present from Corydon, Onoville and Bradford area.

A wild duck lost in a recent blizzard landed in the driveway of Mr. and Mrs. Richard Ruth and a nearby neighbor, Fred Davis, provided food and shelter. When it seemed reluctant to leave the next morning, he found it was injured and survived only until the following morning.

Pastors and lay members of the Bradford, Bolivar Drive, Kane and Corydon Nazarene churches will attend an intensive two-day church school convention in Sharon today and Tuesday. Invited from here is the Rev. Viola Burch, also Sunday school superintendents, teachers and church officers.

DELICATE OPERATION

MIDLAND, Pa. — Seven-year-old Michele Turina was back at her home in this Beaver County community today after undergoing a delicate heart operation.

She was discharged from Children's Hospital in Pittsburgh Saturday, two weeks after surgeons performed a 3 1/2 hour operation to close a hole the size of a quarter in her heart.

During the operation, doctors used an artificial heart-lung machine to keep Michele alive while they stopped her heart for 13 minutes to stitch the hole.

TWO DEPUTIES WED

TIPTON, Ind. — Deputy Sheriff John Axline and Deputy Sheriff Sandra Anne Grimmer Axline were honeymooning today.

Sheriff Paul Grimmer may have gained a son but lost a deputy as he gave his daughter in marriage yesterday. Axline serves on the Marion County sheriff's highway patrol at Indianapolis.

Mrs. Axline is a deputy on her father's staff but has been working as a receptionist for an Indianapolis radio station. Her wedding gown was her deputy's uniform, complete with badge.

ROTARY FELLOWSHIPS

EVANSTON, Ill. — Rotary International announces that five Pennsylvania students will receive fellowships for advanced study abroad in the 1958-59 academic year.

The five, whose fellowships are worth about \$2,500 each, are Charles F. Adams, Uniontown; Robert D. Burrows, Birdsboro; Richard M. Cronie, Pittsburgh; Harvey P. Murray Jr., Selingsgrove and David E. Vann, Wyoming.

Dragon Matmen Take Section II Wrestling Title

Colvin Wins in 127-pound Class; Eight Second Places

Warren High School wrestling squad won their first sectional title Saturday evening at Corry. This is the first time since wrestling began in the Warren area that the high grapplers have been able to capture a sectional title. Though the Dragon matmen could boast only one champion, they had eight second place men. Dragon matmen led the section in team standing all season and proved their power Saturday at the Invitational tournament at Corry.

John Colvin, a scrappy 127-pound grappler for the Dragons, looked very outstanding in his performance. He won all matches in the tournament by falls. Next Saturday John will travel to Thiel College at Greenville when Section II winners take on Section III of District 10 to see who represents Section II and III in the Districts at Meadville.

Team standings were: Warren 41, Titusville 30, Oil City 27, Franklin 19, Corry 8. Coach Hal Miller was very pleased with the showing that this young and inexperienced team showed and the wrestling fans of Warren should be proud of all the grapplers. Of the nine boys wrestling in the finals last Saturday, seven of them will be back next year and with further experience these boys should make a very respectable showing in the future.

Semi-final results: 95 pound class—Mike Long (W) dec. Ed Spantz (OC); Barnett (F) dec. Johnson (C). 103 pound class—L. Campbell (W) pinned Judson (F); DeMille (T) pinned Stutzman (C). 112 pound class—DeVault (F) dec. Palmer (C); Valone (W) dec. Bush (T).

Speaking of Sports

An aura of glamorous style has pervaded the heretofore drab world. Witnessing a display of 1958 model boats, the casual observer might think himself at an auto show. Jutting tail fins, curved windshields, hardtops and sleek lines are common among outboard and inboard runabouts presently being shown at the 1958 Boat, Travel and Sports Show at the 174th Armory in Buffalo. The show opened Saturday and will continue through to Sunday March 2.

Gay two and three-tone color schemes may be had on the boat you choose. Even the lowly fisherman can no longer select a simple boat to take him to his favorite angling spot. Now he must take into consideration the merits of planked construction as opposed to lap stroked, and join the debate on the superior features of wood, aluminum or fiberglass as the material of which his boat should be fabricated.

Nearly 200 boats are currently being shown at the Buffalo show, and with them all the latest gear in the form of motors, marine hardware, boat trailers, boat hoists, portable docks and water-skiers' equipment. The displays will include outboard and inboard boats as well as sailing craft, from the smallest dinghy to the largest luxury cruiser the Armory entrances will accommodate.

Neighboring Canada's top fishing and hunting resorts will have displays. Bait and tackle makers will have expert fishing tackle demonstrations and casting experts at the show. Visitors may try their skill at archery, with expert assistance. A huge pool filled with rainbow trout will offer a chance to catch a live trout. All fish caught may be kept. The show furnishes tackle and bait and keeps the trout pool filled with fighting fish brought in tank trucks from the famous Licking Springs trout hatchery in Ohio.

East Forest Main Competitor in Allegheny League

East Forest still remains Youngville's top competitor for the crown, now held by the Eagles in Upper Allegheny Valley League, by trouncing West Forest 58-46 Friday night.

The Youngville-Pleasantville and Tidoute-Northern Area games were postponed due to the weather and road conditions.

Titusville Takes Jr. Dragons, 55-39

Jim Platt connected for 22 points to lead the Titusville reserves to a convincing 55-39 win over the Baby Dragons in a prelude to the main game. Titusville built up a 31-18 first half advantage and managed to hang on despite being outscored in the second half 27-24. Land and Fowler bore the brunt of the Dragon attack with 12 and 10 points.

Sheriff Robert Glasser's Underwater Division which stands ready as an arm of the Sheriff's Department to dip into river, harbor or Lake Erie waters for lost cars, boats, criminal evidence or even bodies, will demonstrate skin-diving techniques. A giant tank has been erected in the Armory, lined with white nylon and equipped with portholes, so show visitors may witness Underwater Division skin-divers during their daily demonstrations.

A world-famous racing boat will be a show feature. "Wildroot Charlie", Gold Cup racer in the unlimited hydroplane class, will be on display. Powered by Allison engines of 2,000 horsepower, this 170 MPH racer is owned by a group of Buffalonians, and finished 2nd in point standings for the entire United States.

This year will offer much to the boating enthusiast and his brother water skiers, fishermen and skin divers, and all that's new in the boating world will be on display. The 174th Armory is at Niagara and Connecticut Streets in Buffalo. Show hours are 2 p. m. to 10:30 p. m. daily including Sundays. Admission is 75c and children under 12 with their parents will be admitted free.

Paced by double winner Dave Schabacker, Strong Vincent Saturday night annexed its ninth straight District 10 swimming championship in the Memorial High pool. Schabacker, winner of the 200-yard freestyle and 150-yard individual medley, sparked Art Weibel's Colonels to a resounding 101 title-winning aggregate compared to Academy's second place score of 67. Academy, annually Vincent's most formidable opponent, had a sizeable bulge on third place Meadville with 38 points. Competing team standings were East in fourth with 34 and Tech last with nine markers.

New York state hunters shot a record 72,877 deer last fall, the Conservation Department says. Figures released Saturday showed this topped the previous record of 72,315 in 1956. The figures include both bucks and antlerless deer.

Red Raiders Score 11th League Success

Jamestown High's Red Raiders clinched at least a tie for the Lake Shore League cage championship Friday night by downing Southwestern in a 59-53 overtime thriller.

Hero in Jamestown's 11th straight league success was Lefty Teitso.

Lefty tied the game, 50-50, at the end of regulation time with a pair of grailis throws at the four-second mark after being charged by Chuck Trowbridge. Then, he poured in five of Jamestown's nine points in overtime.

Jimtown stepped out in front quickly in the extra session and once commanded a 58-54 lead before Southwestern's last ditch spurt that fell short by a single point.

Sheffield Tops Johnsonburg by Count of 65-58

Ralph Santo's Sheffield Wolverines tallied their second successive Allegheny Mountain League victory Friday night by topping Johnsonburg, 65-58.

In winning their fifth game in 16 outings, Sheffield jumped out to a one-point first quarter advantage and doubled Johnsonburg in the second period when Steve Rossetti poured in 10 points.

Sheffield also had the better of the third quarter that proved enough in the face of Johnsonburg's last quarter rally paced by Ed Fulton's nine points.

Rossetti was high for the Wolverines with 21. Lee Hall and Fred Benson tied next with 11 each. Fulton scorched the nets with 33 for Johnsonburg. The loss was the Jayhawk's ninth in 19 tilts.

Western Division Title Clinched by the Hawks

By THE ASSOCIATED PRESS

The result's the same, but the method was different in the St. Louis Hawks' clinching of the Western Division championship of the National Basketball Assn. this season as compared to last year.

The Hawks "backed into" the 1957-58 Western crown over the weekend. St. Louis bowed to Detroit 98-96 Saturday night while Minneapolis ended Cincinnati's tie hopes with a 100-81 victory over the Royals.

Last season St. Louis finished in a triple tie for the title and had to win two playoff games before gaining undisputed possession of the crown.

Meanwhile, the Boston Celtics assured themselves of at least a tie for the Eastern Division crown with a 99-97 triumph over the Philadelphia Warriors yesterday.

In other games Sunday Cincinnati snapped a six-game losing streak by whipping Minneapolis 111-93 and Syracuse tightened its hold on second place in the Eastern Division with a 101-92 success over St. Louis.

In a nationally televised game Saturday afternoon the Knicks overcame Syracuse 115-112 with a belated last-ditch rally. The Knicks were idle Sunday.

Winners of Two Battles Want No Part of Patterson

By MURRAY ROSE

NEW YORK (AP)—The heavy-weight division was in an old time tizzy today. Argentina's nose-slashed Alex Mitelf and Sweden's undefeated Ingemar Johansson, the winners in Friday's two major fights, said they wanted no part of world champion Floyd Patterson right now.

Cuba's hulking Nino Valdes, who does want a title shot, still screamed "I wuz robbed."

That's the normal lament of a close loser. Only 33-year-old Nino, who lost to Mitelf, added some Spanish touches after he dropped a narrow, split 10-round decision in a savage, bloody (Mitelf's blood) brawl in Madison Square Garden. It was an even money fight in the betting.

"Bandidos (bandits)," howled Valdes, a 6-3, 209½-pound giant whose right eye was swollen grotesquely. "Robbers! Burglars!" he added for the benefit of English-speaking newsmen, and then lapsed into Spanish again.

His manager, voluble Bobby Gleason, matched Nino word for word but said he would not make any formal protest to the commission.

Johansson, unbeaten European champion, stopped Joe Erskine in 13 rounds in Goteborg, Sweden, and knocked the British Empire ruler from Wales out of a promised title fight with Patterson in London this June. Erskine's seconds tossed in the towel after the 13th round ended to save the Welshman from further punishment. He absorbed a sound drubbing.

Punxsy Shoved Out of District 9 Leadership

Kane Wolves defeated Punxsutawney out of the District 9 basketball lead Friday night by a 58-54 score. The Punxsy's finished with a grand 26 points to Kane's 26.

Kane, in snaring its 10th victory in a row and its 15th conquest in 19 games, used a press to great advantage in the first half. Punxsy, in turn pressed the Wolves in the last period but couldn't quite make up the difference.

By virtue of the victory, Kane now is in third place with a 7-3 record—one-half game behind Punxsy. DuBois has the lead with a 9-2 mark. To clinch a title tie, DuBois needs a win over Bradford next Friday.

Score by quarters: Kane 17 10 15 16-58
Punxsutawney 9 13 6 26-54

3-WAY TIE EXPECTATIONS END: DRAGONS LOSE 58-39

Titusville's Rockets assured itself of at least a tie for the Section 2 championship and crushed Warren's faint hopes of winding up in a triple tie with an unexpected 58-39 victory Friday night.

The important league encounter, played before 1300 fans on the new Rocket gym, was nip and tuck through the first half with first one team and then the other assuming leads of from one to three points. The teams were tied on four occasions and the lead changed hands seven different times before the Rockets were able to string enough points together to open a gap from which the Dragons were never able to recover. Titusville, capitalizing on overall height, scored half of their first-half goals on rebounds of missed floor attempts to assume a narrow 21-20 halftime lead. Allen and Warner with six points each spearheaded the Rocket drive while Warren's Karkosky flipped in 10 markers to keep the Dragons in the game. Brumagum converted four of four from the charity stripe and Monroe sank his two from the corner.

The first half was keenly contested with both teams using a close checking man to man defense. Warren was able to get shots but they were as frigid as the weather, hitting only six of 28 attempts in the first half and canning five of 32 in the second half for a paltry 11 of 60. It was by far the poorest shooting night the Dragons encountered all year. The local cagers were hampered in much the same manner at Meadville and it might be that the boys are not accustomed to glass bankboards.

Despite their inability to find the scoring ring, the Dragons were in the game until midway in the third stanza. A foul shot by McKelvey put the Dragons ahead 26-25 with a little over four minutes gone. At this point the Dragons went stone-cold. Then went scoreless from the field until Bob Yerg and Joe Massa connected after six minutes had elapsed in the last quarter. A stretch of nine minutes had gone by before the Blue and White scored from the field. In the meantime the Rockets began to pull steadily away. Beason and Bodamer, both over the six foot mark, scored all of Titusville's 12 points in the third quarter while Warren was getting six five from Karkosky and one from McKelvey was Warren's output. This flurry left Titusville holding a

33-26 advantage going into the last quarter.

A blazing fourth period during which Dragon defense faltered enabled the Rockets to pile up 25 points to Warren's 13 and the seasoned Sharkmen assured themselves of victory. Dewey led the onslaught with seven points closely followed by Warner with six. Warren's fourth period production came through the efforts of Creola at the foul line with five. Yerg's four on two fast breaks and three from Joe Massa jumper and free throw.

"Titusville must defeat Franklin Friday night to win the league crown outright. By winning, they will unseat the Meadville Bulldogs, section winners for the past seven years. Meadville comes to Warren on Friday and the only chance they have is to defeat Warren and hope for an upset of Titusville. However, the Dragons are determined to close their season in a blaze of glory by knocking off the Bulldogs. Records show that Warren last measured the Bulldogs on February 24, 1950. Chuck Rose, Danielson, George Hesch and company then whipped the Meadville quint 55-31.

Youngsville Dial Office Scheduled To Open in July

The Bell Telephone Company of Pennsylvania's new Logan dial central office will be placed in operation next July to serve telephone customers in Youngsville and vicinity, it was announced today by Robert E. Anstadt, local manager for the company.

The 20 by 23 foot addition to the present Youngsville telephone building is now nearing completion and new dial switching equipment will be installed this spring to replace present equipment, Anstadt said.

When the new office goes into service, the central office name Logan will be established in Youngsville and all present Youngsville telephone numbers will be changed to new two-letter-five-figure Logan numbers, he stated.

At that time, the two-letter-five-figure method of dialing calls will also become effective, the manager added. Customers making calls from one Logan telephone to another will first dial the first two letters of the central office name and then dial the five figures of the desired number.

"Advance notice of this coming change in telephone numbers is being given at this time for the convenience of customers who place orders in advance for stationery and other materials on which their telephone number appears," Anstadt explained.

"Complete details of the changes involved in this \$125,000 improvement program in Youngsville will be published well in advance of the July effective date," he added.

Announcement by Dr. Leroy E. Chapman of His Candidacy for Re-election to the Senate of Pennsylvania

In announcing my candidacy for re-election to the Senate of Pennsylvania from the Forty-eighth District, comprising Venango and Warren Counties, I realize that seniority and recognition by associates in the Senate in appointment to committees and in the organization of the Senate is very essential.

A newcomer to the Senate must serve for a long period of time to gain such recognition. To be successful and in order to represent your constituents properly and by that to obtain the considerations to which those constituents are entitled, one must build up influence and that can only be done through tenure. At present I am chairman of the Senate Appropriation Committee which post I have held since 1941. I am also a member of the following committees: Public Health and Welfare, Agriculture, Constitutional Changes and Federal Relations, Elections, Highways, Judiciary General, Labor and Industry and Mines and Mining.

The work of the Senate is not done in debate on the floor but in the Committee Rooms with quiet, intelligent thinking. With my past experience and with the help of the organization I have in my office in Harrisburg, I feel qualified to serve my district effectively.

Leroy E. Chapman

Chapman Seeks Re-election to Seat in Senate

Elsewhere in this issue appears an advertisement which confirms information printed some weeks ago that Dr. L. E. Chapman, of this city, is a candidate to succeed himself as senator from the 48th District, comprising Venango and Warren counties.

This is gratifying news to constituents generally in the two counties, since it is generally recognized that seniority and recognition by associates in appointment to committees and in the organization of the Senate is a wonderful asset to the district a man of the stature of Dr. Chapman serves. At the present time Dr. Chapman is chairman of the important Senate Appropriations committee, a post he has held since 1941. He is also on the following other committees: Public Health and Welfare, Agriculture, Constitutional Changes and Federal Relations, Elections, Highways, Judiciary General, Labor and Industry and Mines and Mining.

Senator Chapman not only has a wide following among voters in all parties in Warren, but in Venango county as well, where it is understood he has already been assured support of most of the organization leaders.

Tuesday will be the first day for circulating and soliciting signatures to petitions, and it is understood that a number of county leaders will be securing names for the senator.

JACOBY ON BRIDGE

TWO WINNERS FALL TOGETHER
By OSWALD JACOBY
Written for NEA Service

Lou Mathe of Los Angeles is one of our greatest card players. If you don't believe the statement look at him in action with today's hand. You would almost think he was playing with mirrors.

East's two-spade jump was the well-known preemptive jump overcall. It didn't discourage Lou at all; in fact it helped him to get to the club slam.

Lou won the opening spade lead with the ace and noted that he surely had a loser in spades. He laid down his ace of trumps and decided that East's six spot was a singleton. In that case he also had a losing trump.

Things looked hopeless but Lou worked out a winning play. He led a heart to dummy's ace, ruffed a heart, led a diamond

to dummy's king and ruffed another heart. Now he cashed his ace of diamonds, ruffed a diamond in dummy, ruffed dummy's last heart and led a low spade.

At this point there was nothing West could do to beat the hand. If he trumped, the effect

A.—Bid six diamonds. You only have 11 points but you have an ace and two kings and four diamonds. There must be a good play for the slam.
TODAY'S QUESTION
Instead of bidding five diamonds your partner jumped from four hearts to six diamonds. What do you do now?

would be that he was trumping his partner's spade trick. Hence, he simply discarded a diamond. Now Lou led a trump to his king, played his last diamond and ruffed with dummy's last trump. That made his twelfth trick and left poor West with his queen of trumps to take the useless last trick.

ESCAPE FROM GAS FUMES
Ray Goepner, 47, of Butler, was nearly asphyxiated by gas fumes from a defective heater early today in a hunting camp near Newmansville in Clarion county seven miles south of Tionesta. Mr. Goepner was found unconscious by other members of his hunting party about 1 a. m. today. He was treated by a doctor and by a member of the Tionesta Volunteer Fire Department, who operated an inhalator, after which he was taken to the Clarion Hospital. The fumes from the overhead gas heater also made the others a little ill, according to State Police of the Tionesta substation, but they did not require treatment.
